History and Background

The Township government is based on the township committee form of government, which exercises legislative power in the Township. Committee members are elected on an at-large basis for staggered three-year terms. Two members are elected in each of two consecutive years while a single member is elected in the third year. The Mayor is appointed annually by a majority of the Township Committee.

The day-to-day administrative duties are the responsibility of the Township Administrator, who is appointed by the Township Committee. To that end, the Township Administrator keeps the Township Committee informed as to the conduct of the Township affairs, the condition of the Township finances and the welfare and future needs of the Township. The financial affairs of the Township are administered by the Chief Financial Officer, who reports to the Township Committee. With the Township Administrator, the Chief Financial Officer prepares the annual municipal budget, and then maintains it on a daily basis after adoption by the Township Committee. A five-year forecast, for both the operating and capital budgets, is used to assess the Township's future financial needs.
