

Shared Barrier for Swimming Pools

A separate form is required for each adjacent property owner who shares a fence used as a pool barrier.

Statement from Fence Owner

I acknowledge that my fence will be used to comply with pool barrier requirements for my neighbor's swimming pool. I understand that as long as the fence serves as a pool barrier, it must be maintained in compliance with Uniform Construction Code requirements.

Statement from Pool Owner

I acknowledge that I will be using my neighbors' fence to comply with New Jersey Uniform Construction Code's pool barrier requirements for my swimming pool. If my neighbor removes the fence for any reason, I understand that I am responsible for installing and maintaining a UCC compliant pool barrier. I understand that a Construction Permit must be obtained prior to installing a new barrier and that temporary emergency action must be taken to safeguard the public if necessitated by sudden removal or destruction of any pool barrier fencing. I understand that I am ultimately responsible for maintaining a code compliant barrier around my swimming pool.
